As Hard As It Is

Fine Young Cannibals

Life's been quiet since you've been gone
It's no fun burning for one
I was happy before you came
Now you've gone, it's just not the sameLord knows as hard as it is, as hard as it is
They know just how hard it is
Lord knows as hard as it is, as hard as it is
He knows just how hard it isI missed you bad
I want you now my darling
It drives me mad, not now having you hereLord knows as hard as it is, as hard as it is
They know just how hard it is
Lord knows as hard as it is, as hard as it is
He knows just how hard it isLord knows hard as it is, as hard as it is
He knows, he knows, he knows just how hard it is
Here we do as His gives words
I know, I know, I know, I know how much it hurts
I do, I've been there too, I know
Ah you must be [Incomprehensible]
