

So Wrong (feat HRRSN)

Oliver Koletzki

Do you remember?

Way back when we started out, baby.

Oh, I thought you could do no wrong

And I never couldve imagined all this shit

That youve pulled off, hmmSo wont you, do me a favor and stop lying to my face

'cause I know just what you did.

And I think its better, if you get the hell out of this place

'cause I never wanna see you again.And I should have never fallen for you baby

Never should have trusted you with all my heart.

How could you go behind my back like that

'cause I just don't understand how you could be so cruel.

And I should have never fallen for you baby

Never should have trusted you with all my heart.

How could you go behind my back like that

'cause I just don't understandI should have listened what

All my friends would warn me by, baby.

But I was dumb to pay no mind

And now I'm tripping.

I know everything we had was just a lie, baby, hmm hmm.So wont you, do me a favor and stop lying to my face

'cause I know just what you did.

And I think its better, if you get the hell out of this place

'cause I never wanna see you again.And I should have never fallen for you baby

Never should have trusted you with all my heart.

How could you go behind my back like that?

And I just don't understand how you could be so cruel.

And I should have never fallen for you baby

Never should have trusted you with all my heart.

How could you go behind my back like that?

And I just don't understandHow could I've been so wrong?

I gave you everything but then

You took my heart and threw it all away

How could I've been so blind to

Put my trust in you? But girl

You know in time it all comes right back at you.

How could I've been so wrong?

I gave you everything

But then you took my heart and threw it all away

How could I've been so blind to put my trust in you?

But girl you know in time it all comes right back at you. It all comes right back at you , yeah.
