

Shoulda Woulda Coulda

Bellevue Cadillac

People say that together we were both sides of the same coin

That we would shine like venus in a clear night sky

We thought our love could overcome the circumstances

But my ambition wouldn't allow for compromise I could see in the distance all the dreams that were clear to me

Every choice that I had to make left you on your own

Somehow the road we started down had split asunder

Too late to realise how far apart we'd grown.

How I wish i, wish I'd done a little bit more Now " shoulda woulda coulda," means I'm out of time

Coz "shoulda woulda coulda", can't change your mind

And I wonder, wonder, wonder what I'm gonna do

"shoulda woulda coulda" are the last words of a fool People ask how it feels to live the kind of life others dream about

I tell them everybody gotta face their highs and their lows

And in my life there's a love I put aside, cause I was busy loving something else

So for every little thing you hold on to, you've got to let something else go [chorus] Fool if I would now forsake the opportunities are fate

I know I'm right where I belong

But sometimes when I'm not so strong i..[chorus (x2)]
