Let's Go!

Jerrico & KIC

Get up, get out
Get ready for the weekend
So long, I'm out
[Unverified]

Go home, chill out
Tell me that you love me
There's no time,no doubts
Gotta start a party
One, two, three, go

I'm on a roll, ready to go
Outta control
Don't let me catch you sleeping
Ready or not, let's go

Get in, come on
You know we're gonna fall out
Show in, blow out
This load [Unverified]
Is what it's all about

So young, so now
Cutie little fire girl
Come on, come down
And wait for the ride
Come on let's go

I'm on a roll, ready to go
Outta control
Gonna explode
Yeah, I'm on a roll

Ready to go
Get ready to go
You know
There's time for sleeping
Ready or not, let's go

Yeah, I'm on a roll

Ready to go
Outta control
Gonna explode

Yeah, I'm on a roll
Ready to go
Were outta control
Gonna explode

Yeah, I'm on a roll
Ready to go
Get ready to go
You know
There's time for sleeping
Ready or not, let's go
