

# Love Is a Thing

Debbie Reynolds

Love is a thing  
A sting  
That brings a reason for livin'  
Love is a fling  
There's never any doubt  
Love will unhinge  
And singe  
And cringe the weak and the hearty  
Love is a binge  
That pushes logic out  
Love has a way of catching  
A person unaware  
No rhyme or reason  
Any time or season  
A blight, a fright  
A thief in the night  
Love is a noose  
A ruse  
no use to try to resist it  
Love is a thing  
that no one can live without  
Love has a way of catching hold  
Like a cold  
No rhyme or reason  
Any time or season  
A blight, a fright  
A thief in the night  
Love is a word  
A word I've heard  
Referred to in whispers  
Love's girls and boys  
Making noise  
And after dark in some respects  
It's just a bundle of sound effects  
Well it's a wheeze, a sneeze  
A pop, a cop, a crow  
A chicken and a dove  
And they can hand it out  
Give it up

None of us could live without love

Love is

Love is a

Love is a thing

Ya
