

Life Without You

Stanfour

Didn't want to say goodbye
Didn't want to see you cry
Look what I have done
Didn't want to make a mess
Broke your heart and I confess
I'm the guilty one
How I need to hear you
Hear you so softly
Hear you say anything
Every single tear you shed
Well it kills me
She'll never see This is life without you
Learning how to miss you
I guess I need to know how it feels like
This is life without you
I don't know who to turn to
And everything I've known is said is goodbye
So goodbye
This is life without you Didn't want to make a mess
Didn't want to feel again
This heart has had enough
Desperate hurting all alone
Called the house that isn't home
You're afraid to pick it up
All I want is someone to tell me I'm crazy
It just might save me
All I need is someone right here beside me
Now I can see This is life without you
Learning how to miss you
I guess I need to know how it feels like
So this is life without you
I don't know who to turn to
And everything I've known is said is goodbye
So goodbye This is life without you
