

# Do You Miss Meaning Everything To Me

## Audio Karate

It doesn't seem to matter what you say  
You will never feel the same  
It doesn't seem to matter what you do  
I will fall in love with you And everyday I think we grow apart  
I guess I saw this from the start  
I guess I knew that you and I won't be  
It doesn't mean that I can't dream about you I think about you still  
You complete a part of me  
I never knew I had to fill  
I'd give you anything  
Like the times I'd sing on the phone to you  
Was not the easiest thing to do  
You know it's true, you know it could have been this way  
And I swear by my heart  
There is nothing on earth that won't keep us apart  
And all I have, I swear I'll give to you  
All that I say, you and I will begin this way  
When you fall in love with me It doesn't seem to matter what I say  
You will never be the same  
It doesn't seem to matter what you do  
I will fall in love with you  
And everyday I wonder how you feel  
If your sincerity is real  
I took the time, I softly called your name  
I know I should've screamed instead Do you miss meaning everything to me?  
'Cuz not a day goes by  
If I had kissed you it just might  
Have changed our destiny  
'Cuz we were meant to be  
I'm standing on one knee  
Won't you please just marry me?  
You know its true  
You know it should have been this way  
And I swear on my heart  
There is nothing on earth that will keep us apart  
And all I have, I swear I give to you  
All that I say,  
You and I will begin this way if you fall in love with me  
Like I fell in love with you Doesn't mean that I can't dream

You say you were on your way  
Make it all come true  
Swear to God I'd die for you  
And give you anything  
Like a diamond ring.  
And all the times we've had  
No, I'd never take it back  
You know it's true  
You know it should have been this way And I swear by my heart  
There is nothing on earth that won't keep us apart  
And all I have I swear I give to you  
All that I say  
You and I would begin this way  
If you fell in love with me
