Tattoo

Natasha Mosley & Tyga

Ain't no better feeling than the thought of me and
You just layed up in my room everything going to smooth
And can't nobody do you like I do you like I do
Could it be your tattoos that got me in the mood
Baby I'm ready if you ready just let me know
Best believe ain't no rush, but your tattoos just turn me
On keep it low on the hush everybody ain't got to know
That when I'm with you, you

Ain't no better feeling than the feeling when I'm kissing on your tattoos
I know how to turn you on never go wrong just kiss on your tattoos
(I'm kissing on your tattoo)
And I'm a make you stay forever and a day
And you won't want to leave I promise you gon' want to stay
Cause ain't no better feeling than the feeling when I'm kissing on your tattoo
(On your tattoo)

Ain't nobody killing your tattoos like how you do
And ain't nobody rocking your body like how I do
You got me feeling all crazy when I'm with you
Or could I just be trippin out on you
Baby I'm ready if you ready just let me know
You got me feeling a certain way and now were close
Can I have you for the rest of the night just don't say no
Cause when I'm with you, you

Ain't no better feeling than the feeling when I'm kissing on your tattoos
(Kissing on your tattoo)
I know how to turn you on never go wrong just kiss on your tattoo
(I'm kissing on your tattoo)
And I'm a make you stay forever and a day
And you won't want to leave I promise you gon' want to stay
Cause ain't no better feeling than the feeling when I'm kissing on your tattoo
(On your tattoo)

[Tyga:]
I know you like it when I kiss your chest, right up to your neck I know you like it there the best
Kissing on your tattoo your kissing on mine to and now were making love
Rubbing your tattoo sleeve all over me
You know I like it, so take advantage of me

Let's make a movie, I love how you do me
Cause I can't get enough of your love because, cause

Ain't no better feeling than the feeling when I'm kissing on your tattoos
(Kissing on your tattoo)
I know how to turn you on never go wrong just kiss on your tattoo
(I'm kissing on your tattoo)
And I'm a make you stay forever and a day
And you won't want to leave I promise you gon' want to stay
Cause ain't no better feeling than the feeling when I'm kissing on your tattoo
(On your tattoo)
