

Teaser On the Catwalk

Yaki-Da

Lyrics and Music: Jonas "Joker" Berggren

Didn't she let yo down
She's a teaser on the catwalk
She's a teaser on the catwalk
Don't you believe in her
She's attractive and she knows it
Watch your step
You will ask for a good thing
But I might turn you down
I'm a woman of desire
You'll be one in the line
Can you understand if I say to you
You'll burn your fingers here
I'm an average fallen angel
But I'm here to stay
She's a teaser on the catwalk...
(Repeat)
I will ask you for a favour
And you won't let me down
I'll be coming as your neighbor
And you're stuck in the jam
I'm a mastermind and maneater
I'll catch you in my web
But when you have learned to love me
I'll be on my way
She's a teaser on the catwalk...(repeat)
But you're flying round like a bumblebee
You're searching for a flower to pollinate
Irresistible, a forbidden fruit
Belonging to another, so innocent (repeat)
Ever since eternity man has had a hunger for passion
So taste it, feel it
Don't be afraid
You know the biggest fools are them
Who never even dare to try
Why don't let you let your emotions get to you
Time to lose control
Didn't she let you down, she's a teaser on the catwalk
She's a teaser on the catwalk...
