Reno

Doug Supernaw

Couldn't roll me a seven
If you gave me loaded dice
I couldn't draw a hand
If I sat here all night
Scared money bad whiskey
There ain't no way to win
This ain't the first time
It's the way it's always been
You know the Lady's alot like Reno
She ain't got a heart
And she don't care when your down
Just like the lights of a casino
She'll pull you in
And play with you awhile
But there ain't no way to win
I know, she's a lot like Reno
They're both out to break you
Take everything you got
When you finally win the hand
There ain't nothing in the pot
A gamble that I'm taking
But either one I choose
Lady or Reno either way I lose
You know the lady's a lot like Reno
She ain't got a heart
And she don't care when you're down
Just like the lights of a casino
She'll pull you in
And play with you awhile
But there ain't no way to win
And I know, she's a lot like Reno
You know the lady's a lot like Reno
She ain't got a heart
She don't care when you're down
Just like the lights of a casino
She'll pull you in
And play with you awhile
But there ain't no way to win
I know, she's a lot like Reno

Couldn't roll me a seven
If you gave me loaded dice
