

All Delighted People (Original Version)

[Sufjan Stevens](#)

Tomorrow you'll see it through
The clouded out disguises put you in the room
And though I wandered out alone
A thousand lights abounded on our home
And I remember every sound it made
The clouded out disguises and the grave
So yeah, I know I'm still afraid
Of letting go of choices I have made
All delighted people raise their hands
And I took you by the sleeve
No other reason than to be your leading man
And you woke up with a fright
Our lives depended on the visions through the night
And all we had always
All we had always wanted to before
The hurricane inclined us
Grappling on the floor
All delighted people raise their hands
Still the force of nature spurned
Ideas of strength and style
Abated by the burning basement
All delight people raise their hands
I'm not easily confused
The trouble with the storm inside us grew
But I had so much to give
In spite of all the terror and abuse
And the people bowed and prayed
And what difference does it make for you and me?
All delighted people raise their hands
And the people bowed and prayed
And what difference does it make?
It doesn't matter anyway
The world surrounds us with its hate
Hello darkness, my old friend
It breaks my heart
I've come to strangle you
In-spite of what you'd like
And don't be a rascal
Don't be a laughing dog in spite of odds

All I'm deciphering
 From the spirits in the light within
 All delighted people raise their hands
 In restless dreams
 I walked alone, I walked alive
 The clouded out disguises
 Left me in a dream of lightness
 All delighted people raise their hands
 And the people bowed and prayed
 To the neon god they made
 And what difference does it make?
 I love you so much anyway
 And on your breast, I gently laid
 Your arms surround me in the lake
 I am joined with you forever
 And the people bowed and prayed
And what difference does it make for you and me?
 All delighted people raise their hands
 I'm not easily confused
 I feel alive, I feel it glowing in the room
 All delighted people raise their hands
 All delighted people
 All delighted people raise their hands
 All delighted people
 All delighted people raise their hands
 All delighted people
 All delighted people raise their hands
 All delighted people
 All delighted people raise their hands
 All delighted people
 And the people bowed and prayed
 Oh, I love you a lot
 Oh, I love you from the top of my heart
 And what difference does it make?
 I still love you a lot
 Oh, I love you from the top of my heart
 And on your breast, I gently laid
 Oh, my head in your arms
 Do you love me from the top of your heart?
 I tried my best, I tried in vain
 Do you love me a lot?
 Do you love me from the top of your heart?
 And the people bowed and prayed
 Oh, I love you a lot
 Oh, I love you from the top of my heart
 And you can see through my mistakes
 Oh, I'll tell it to you now

Oh, I'll tell it from the top of my heart

And what difference does it make

 If the world is a mess

 If the world is a mess

And on your breast, I gently laid

 Oh, I'll tell it to you now

 Oh, I'll tell it to you now

When the world's come and gone

Shall we follow our transgressions

 Or shall we stand strong?

I tried to save the things I made

 Oh but the world is a mess

 Oh but the world is a mess

And what difference does it make

 If the world is a mess?

 If the world is a mess

I tried my best, I tried in vain

 Oh but the world is a mess

 Oh but the world is a mess

Suffer not the child among you

 Or shall you die young

When the world's come and gone

 Suffer not the child among you

 Or shall you die young

When the world's come and gone
