Kisses

Izabo

Don't start wasting a day for my love
I feel a certain appeal is enough
Wander out on the town by the sea
You find a couple of girls kissing meThe girls say it won't stop
They can't stop, oh no
It's not long enough
And I love you
Does this change a thing?And the boys say, it's too much
It's no fun
The sun's almost done
And I miss you
Did you hear me say?So don't start wasting a day for my love
I feel a certain appeal is enough
You wander out on the town by the sea
You find a couple of girls kissing meThe girls say it won't stop
It can't stop, oh no
It's not long enough
And I love you
Does this change a thing?And the boys say it's too much
It's no fun
The sun's almost done
And I miss you
Did you hear me say?So keep your heart strong
And love long
And give kisses when you can
So keep your heart strong
And love long
And give kisses when you can
