

Philosophy

Them

Told ya' darlin', all along
I was right and you were wrong
A-pleasin' you, so hard to do
Cried all night long, was beatin' through
Can't sow wild oats, 'spect to gather corn
Can't take right and make it wrong
Told ya' darlin', long time ago
You gotta reap, what you sow, and what you sow
Yeah-eah, is gonna make you weep
Some day, some day, some day
Yeah, what you sow-oh, yeah
Is gonna make you weep
Tried to keep you satisfied
Broke my heart, crushed my pride
It's all over now, but all I see
Is a lonely road, and a memory
Of daily walkin', and talkin', 'bout Joanne
Can't ya' see, I said, daily walkin', an' talkin'
