Breathe In Breathe Out

Fulton Lights

So breath in, breath out
Breath in, breath out

Can you feel what I'm feeling now
Every dark cloud's gone away out of sight
Can you feel the relief inside
Every tension dissapeared over night
All that I want is right here in front of me
Now I see what it's all about
No more questions all my wrongs turn to right

I know what I've got
And I don't wanna be without

So breath in, breath out
This is a new day coming
Breath in, breath out
Let's cherish every morning
Don't let anything get you down
Today, the sun is shinin'
So breath in, breath out
This is a new day coming

Let's get up and get on our feet
I can't wait to sieze the day, you and me
Can achieve what we're dreamin' of
So c'mon, we're getting late, gotta go
Everybody's on time
And I don't wanna miss the show
Can you feel what I'm feeling now
Every dark cloud's gone away out of sight
I know what I've got
And I don't wanna be without

So breath in, breath out
This is a new day coming
Breath in, breath out
Let's cherish every morning
Don't let anything get you down
Today, the sun is shinin'

So breath in, breath out
This is a new day coming

So breath in, breath out
(so breath in, breath out)
So breath in, breath out
Breath in, breath out
This is a new day coming
So breath in, breath out
(Breath in and breath out)
Breath in, breath out
(This is a new day coming)

So breath in, breath out
Can you feel what I'm feeling now
Breath in, breath out
Can you feel the relief inside
Don't let anything get you down
Today, the sun is shinin'
So breath in, breath out
This is a new day coming

So breath in, breath out
(Breath in and breath out)
Breath in, breath out
Let's cherish every morning
Don't let anything get you down
Can you feel what I'm feeling now
So breath in, breath out
This is a new day coming
