Kipsy

Boy George

Kipsy, you're gonna get busted
If you know kipsy
You gonna get busted
*aah ecstacy, the gals them in ecstacy (read about it)
Ecstacy, as models walk free he, he, he
Ecstacy the gals them in ecstacy
Ecstacy, as kipsy gain the liberty
*k-i-n-k-y, 'ear me mc kinky,
Me come fi chat 'bout the runnings in this me country
How likkle merchant business widen spending capacity
Me na talk about the nine to five officiality
There are voices on the street
Saying check it out
Find the duchess on duchess st.
Come on check it out
We got plans to make
We got people to meet
You won't find the lord
Down on duchess st.
But the people there
They know where they're going
Will they get busted?
Ain't no way of knowing
If you know kipsy
You're gonna get busted
If you know kipsy
You're gonna get busted
If you know kipsy
There are voices on the street
Talkin' much too loud
If you're playing with the devil sister
Don't be too proud
We got plans to make
We got people to meet
You won't find the lord
Down on duchess st.
But the people there
They know where they're going
Will they get busted?

Ain't no way of knowing
If you know kipsy
You're gonna get busted
If you know kipsy
You're gonna get busted
If you know kipsy
You're gonna get busted
If you know kipsy

They know where they're going
Will they get busted?
Ain't no way of knowing

Say we nah go slow, we chat it like dynamo
*when I was a youth the age of one and three
Me buck up on a man name of bob marley
Walked into marylebone court me say two by two

How me come fi tell ya that inna eighty-eight
Scandal surrounding drugs, me say escalate
Lets hear it, lets hear it's the for the press of london town
Ya love fi build man up and fi knock him down
Lets hear it, lets hear it's the for the press of london town
Ya love fi build man up and fi knock him down
