Moonlit

Octavia Sperati

So this is real, the window sill, it cannot heal
All the secrets are here now
All I've known, my cover's blown, the ages shown
You know that they all fake the hopeNeon lights, the fade of night, the fear of heights
The complex and effects start
Breaking tide to bleach the white and early light
And water only from His sideAll alone
There's whispers of defenses goneThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowLet go nowAnd so it's made, the frozen shade has turned my gaze
The effect is in motion
Strength is gone, my breath is on the last, is drawn
You know that it will soon be goneStill I wait in today, complicate
And all time is just frozen
I see through, was never you and what you said
The hope is where His hand has bledAll alone
There's whispers of defenses gone
All alone
There's whispers of defenses goneThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowLet go now, let go now
Just let go, just let go, just let goThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowThis is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go nowThis is the way, this is the motion

Let go now, let go now, let go now
