Reflected

Alice Cooper

Look upstanding with your head held high
You will be reflected
You look outstanding with your eyes in disguise
Just beyond your glassesHoly, how he would keep, it's divine
I'm surely glad, I'm surely over town
And even though, I'm you will always hereVery rarely worry, almost constantly
Could you be receptive?
Our life's outstanding in a shower please
Wet my skins a plentyBaby, what a day, I love our town
I'm surely glad, I'm surely all around
And even since I knew it's all so clear
