# Blessings for Liam

## Red Circle Underground

Sad man destroys his place
Castrated all his fun
I could tell you but you want to stop
Holdin off another lovers war

All your so's are waste
Old man leave me alone

Mad man is in love with time
Boastin of all his fame
I could tell you but you want to stop
Holding off another lovers tongue

All your so's are waste
Old man leave me alone

Old man you're slowin now
Walk fast or die this way
I could tell you but you want to stop
Who'll believe you never left this place?

All your so's are waste
Old man leave me alone
All your so's are waste
Old man leave me alone
