

Sticky Teenage Twin

Snow Patrol

To run about with no style chasing
Her around Dundee
Making sense about as much as
Nonsense is meant to make sense
Sleeping in 'cause I'm mortified
To go outside today
All this time and I have changed
So much but sometimes never
Keep in time
All my love I am leaving here
Because I cannot cope
With yer man touching you and
Patronizing me
What's his game I don't give
A toss about what he's to say
For himself or for anyone
For that matter
Keep in time
