

# Mary Jane

[Tori Amos](#)

Then he said, mom I want to forna, I mean formulate  
And discover the realms of the unknown with Mary Jane  
After all you'll be away for the weekend  
Just please consent, I need a friend  
I admit your puberty was somewhat strange  
Could this be fixed with Mary Jane?  
Mary Jane, Mary Jane, Mary Jane, Mary Jane who?  
So I said, son you want to permeate  
And discover the realms of the unknown with Mary Jane  
After all the other boys that are your age  
They only wake to medicate  
Do I know her family?  
Is she even mannerly when she's out in society?  
She even bakes, she even bakes these odd brownies  
Mary Jane, Mary Jane, Mary Jane, Mary Jane who?  
Then he said, I believe in her family  
On her maternal side there was a  
Dr. Tetrahydrocannabinol Pure Isomer Dronabinol  
Mary Jane who? Mary Jane who?
