

Gone Baby Gone

Boz Scaggs

Tell you where its at
Aint nobody crying now
Cept for me
Cause it always matters to me yeahLost your head
Life is dead
So please
Dont come singing that sad song anymore
Cause just doesnt matter to meFind another fantasy
Yeah
Go on fly
Fly back to your flameJust a game
How you play it
So please
You wont be running that game on me no more
Cause youre gone baby gone to meYou aint coming back
Cause youre gone baby gone to me(Organ interlude)Right back where its at
Find another fantasy
As you fly
Fly back to your flameLost your game
No one playin
So please
You wont be running that game round here no more
Cause youre gone baby gone to me
(Aint no use)
(Aint no use)You aint coming back
Cause youre gone baby gone to me
(Aint no use)
(Aint no use)You aint coming
Cause youre gone baby gone
(Aint no use)
(Aint no use)
