

# Closer

Aaron Sledge

[Verse 1:]

Yes I'm just watching my step,  
Trying not to upset you,  
And I'm just being careful,  
With everything that I say and do,  
I don't wanna do anything if it's not approved,  
Cause you're my gold and my mission,  
My every intention is you...[Chorus:]

So what I'm gonna do is do,  
What I gotta do to please you,  
If it means giving all myself,  
I gotta do, just to get next to you,  
I gotta do...You know I need to be,  
Want to be,  
Gotta be,  
Closer to you,  
Is this what I need to do,  
I don't know how can I ever say,  
That I'll please you,  
Oh lord it's not about me no more I need to be,  
Want to be,  
Gotta be  
Closer to you

(It's what you called me to,  
It's what you expect me to)  
I don't know exactly what  
You would do if you were in my shoes  
I'm gonna be closer to you Hmm hmmm closer to you...  
Ooh ooh

Hmm hmmm closer to you...[Verse 2:]

As I inch my way  
Closer to your will I can't wait  
(Noo noo)  
It seems the closer I get,  
Father you seem so far away  
(So far away)  
But I will keep pressing cause I have to,  
Crawling cause I want you  
Reaching cause I need you

(Reaching cause I need you)  
I'm not ever gonna stop cause I love you  
(Oh lord)  
And if I had to  
I couldn't find nobody to replace you[Chorus][Bridge:]  
Lord I can't go anywhere if you're not there  
Lord I can't speak a word if I don't hear you clear  
I'm just saying  
Lord I want be close to thee,  
Every hour, every day I need thee,  
So draw me near, near to you,  
I gotta be,  
Close to thee,  
Closer than most,  
Cause I need you, closer than close,  
Cause I need to feel you breathe on me,  
Lord, breathe...[Chorus]
