

Love's Got Me In Triangles

Haircut 100

Love has got me in triangles
Love can't pass me by
Love has got me in triangles
Love can't pass me by Gold for Friday, work all day
Silver melts your Saturday
Playing love is going to the top, bop
Being in the same platoon
Playing love with same balloons
Playing with the same old face Love triangles
Love can't pass me by
Love toblerones
Love can't pass me by
