

# You Set The Scene (2015 Remastered Version)

## Love

Where are you walking, I've seen you walking  
Have you been there before?  
Walk down your doorsteps, you'll take some more steps  
What did you take them for?  
There's a private in my boat and he wears  
Pins instead of medals on his coat  
There's a chicken in my nest and she won't  
Lay until I've given her my best  
At her request she asks for nothing  
You get nothing in return  
If you want she brings you water  
If you don't then you will burn  
You go through changes, it may seem strange  
Is this what you're put here for?  
You think you're happy and you are happy  
That's what you're happy for  
There's a man who can't decide if he should  
Fight for what his father thinks is right  
There are people wearing frowns who'll screw you up  
But they would rather screw you down  
At my request I ask for nothing  
You get nothing in return  
If you're nice she'll bring me water  
If you're not then I will burn  
This is the time and life that I am living  
And I'll face each day with a smile  
For the time that I've been given's such a little while  
And the things that I must do consist of more than style  
There are places that I am going  
This is the only thing that I am sure of  
And that's all that lives is gonna die  
And there'll always be some people here to wonder why  
And for every happy hello, there will be goodbye  
There'll be time for you to put yourself on  
Everything I've seen needs rearranging  
And for anyone who thinks it's strange  
Then you should be the first to want to make this change  
And for everyone who thinks that life is just a game  
Do you like the part you're playing  
I see your picture  
It's in the same old frame  
We meet again  
You look so lovely  
You with the same old smile

Stay for a while  
I need you so, oh, oh, oh, oh  
And if you take it easy  
I'm still teethin'  
I want to love you, but  
Oh, oh, oh, oh, oh, oh, oh, oh This is the time and life that I am living  
And I'll face each day with a smile  
For the time that I've been given's such a little while  
And the things that I must do consist of more than style  
There'll be time for you to start all over This is the time and this is the time and  
It is time, time, time, time, time, time, time, time, time, time
