

Falling Out Of Love

Aqualung

I watch the sun
See it rise and fall
Waiting for something to change
I get through the day
Hope to turn things around
Seems like I'm falling out of love Feeling alone
With you by my side
Further and further away
Funny how long
A moment can seem
When you're trying to hold on
Feels like I'm falling out of love I'm falling out of love I'm falling out of love I'm falling out of love
