

# Find Me

**Tyler Carter**

Hey love, how ya holding up  
I know it's been a minute  
It's just me, so open up, come on open up  
I know that you don't think, that you're good enough  
But you're good enough  
So if we don't dream bout' the same things  
I better ask myself, damn  
Who am I, who am I, who am I  
And what am I, what am I gonna do  
I'd go to the ends of the fucking earth

You can find me at the edge of the world  
You can find me if you open your heart  
You can find me when you're loving the stars  
You can find me when you're falling apart  
You can find me, yeah

Hey kid, I know you been making plans with the devil  
And I hate to break it to ya, but he ain't your friend  
I know that you don't think  
That you're dope enough, that you're cool enough  
But I know we dream about the same things  
So ask yourself  
Who am I, who am I, who am I  
And what am I, what am I gonna do  
I'd go to the ends of the fucking earth

Meet me in a dream  
I'll be that little voice inside your head  
You can find me  
At the edge of the world
