

Faith

Shawn Mullins

Pain, come no more Dont you come knockin on my door
Love, dry your tears You have lived a life way beyond your yearsAnd faith, when youre gone
 All my demons and my devils they do me wrong
 And faith, you let your light shine through
 Let a ray of hope surround me
Just dont think I can make it without youHey faith, dont let me down
 Let me know when I come back shell be around
 Cause Ive been burned, a time or two
If she left me Lord, I dont know what Id doAnd faith, when youre gone
 All my demons and my devils they
 do me oh so wrong
 And faith, you let your light shine through
 You let a ray of hope surround me
Just dont think I can make it without youIn the morning you know I wake up with the dawn
 Everyday, theres a way
 You know I got to carry on
 To know the way and take the road of right and wrong
 And keep faith in my heart
 Just keep faith in your heartPain, come no more
 Dont you come knockin on my door
 Love, please be strong
Cause I need the peace of mind to carry onAnd faith, when youre gone
 All my devils, all my demons,
 you know, they do me wrong
 And faith, you let your light shine true
 You let a ray of hope surround me
 You came back home and found me
 Searching for the love I never knew
