

# Hurricane (Unplugged)

## Thirty Seconds to Mars

No matter how many times that you told me you wanted to leave  
No matter how many breaths that you took you still couldn't breathe  
No matter how many nights did you lie  
Wide awake to the sound of the poison rain  
Where did you go? Where did you go? Where did you go? Tell me would you kill to save a life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn, let it all burn  
This hurricane keeps chasing us all underground No matter how many deaths I die, I will never forget  
No matter how many lies I live, I will never regret  
There is a fire inside,  
Of this heart, a riot about to explode into flames  
Where is your God?  
Where is your God?  
Where is your God? Do you really want?  
Do you really want me?  
Do you really want me dead?  
Or alive to torture for my sins? Do you really want?  
Do you really want me?  
Do you really want me dead?  
Or alive to torture for my sins? Tell me would you kill to save your life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn, let it all burn  
This hurricane keeps chasing us all underground The promises we made were not enough  
The prayers that we had prayed were like a drug  
The secrets that we sold were never known  
The love we had, the love we had, we had to let it go, oh Tell me would you kill to save your life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn, let it all burn  
This hurricane's chasing us all underground  
Oh, oh, oh  
This hurricane  
Oh, oh, oh  
This hurricane  
Oh, oh, oh Do you really want?  
Do you really want me?  
Do you really want me dead.  
Or alive to torture for my sins? Do you really want?  
Do you really want me?  
Do you really want me dead?

Or alive to live a lie?
