

# Legalise Me

## The Pretenders

Legalize me  
Oh I want the legal right to be me  
Only me  
Legalize me  
Bail me, jail me  
But they're never gonna nail me  
Pharmaceutically

I was sleeping like a baby in bed  
When I woke up  
To a voice in my head  
"We're all outta rooms  
Try down the road is what I said"  
I'm just a farmer  
And I grow marijuana

Oh baby doll  
Can yo tell that I like that?  
Oh baby doll  
We're gonna rattle your combinations  
Up and down

Legalize me  
Oh I gotta gotta gotta feel free  
Really free  
Legalize me  
Wake me, shake me  
If they're gonna come and take me  
Make it legally

I been campaigning for  
The rights of the meek  
I've been holed up  
In a tree most the week  
Hey, sir, your crush boxes  
Are starting to leak  
They're saying "never"  
But we'll wait here  
Forever and ever and ever and ever

Oh baby doll  
Can yo tell that I like that?  
Oh baby doll  
We're gonna rattle your combinations  
Up and down

And if I want to shake my hair  
In the sun  
Don't try to flail me  
For offending anyone  
I don't take Prozac  
And I'll never own a gun  
I'm just a farmer  
But, I swear I'd never harm her

Oh baby doll  
Can yo tell that I like that?  
Oh baby doll  
We're gonna rattle your combinations  
Up and down
