

Bulletproof

Dawn Richard

A star fell from your eyes
And landed on my heart
It caused a spark, we lit the dark
A fire burned on my lips
And it caused a scar
We'll never part, you left your mark
Don't hate me 'cause I'm free
Ain't nothing touching me
These walls, I run through them, see?
'Cause I've got you and you got me
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
Your star fell from my heart
And made the whole world love
It was enough just to give up
And when the world just fades
And all turns into dark
We'll light your hearts, we'll light your hearts
Bullets hit me but I don't bleed
You may hate me but I'm still free
I'm your air when it's time to breathe
'Cause I've got you and you've got me
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
I'm bulletproof 'cause I love you
