Little Darlin'

Poco

There's someone waitin'
When you need a love to last forever
Don't go runnin'
Just take this heart now, lover I surrenderYou're the sun, the moon, the stars shinin'
You're the one there's no denyin'
Yeah, you've got me dancin' in the fallin' rain
I'm laughin' like a child againOh little darlin'
You know that you need no other lover
Hey I'm sayin'
I know that this feelin's like no otherYou're the sun, the moon, the stars shinin'
You're the one there's no denyin'
Yeah, you've got me dancin' in the fallin' rain
I'm laughin' like a child againSomeone is waitin'
When you need a love to last forever
Don't go runnin'
Just take this heart now, lover I surrender'Cause you're the sun, the moon, the stars shinin'
You're the one there's no denyin'
Yeah, you've got me dancin' in the fallin' rain
I'm laughin' like a child again'Cause you're the sun, the moon, the stars shinin'
You're the one there's no denyin'
Yeah, you've got me dancin' in the fallin' rain
I'm laughin' like a child againYou're the sun, the moon, the stars shinin'
You're the one there's no denyin'
Yeah, you've got me dancin' in the fallin' rain
