

# Under Your Sun

## Vitalic

I'm on your sight to pray  
I'm on your sight to stay and float  
but when you turning to seek  
I don't know who, who you are. I'm on your sight to ride,  
I'm on your sight to fight  
but when you're turning to seek  
I don't know who, who you are. People they got not light, it's only pain  
but it's under your sun, I walk up here.  
People they got not light, it's only pain  
but it's under your sun, I walk up here.  
I'm on your sight to share,  
they good about the red  
but when you turning to seek  
I don't know who, who you are. I'm on your sight to live,  
but down to sunset ...the shadows  
but when you turning to seek  
I don't know who, who you are.
