

# Infidel

## Daylight Dies

Ghost  
Passing through  
... faceless fleeting  
Infidel  
Shadows remained  
And all else  
Was cast out with the tideI dredge the depths  
To find a meaning  
Obscured by time  
I search horizons yearning for answers  
To who I amVoices  
An echo of the past  
Diminishing  
Leaving silence in your wakeI dredge the depths  
To find a meaning  
Obscured by time  
I search horizons yearning for answers  
To who I am
