I Left My Heart In Scandinavia

Jonas Brothers

London's nice but it's not sunny
The desert's hot 'cause there's no rain
You can laugh but it's not funny
I've found a place where my heart will stay
Tokyo's fast but I'm not winded
New York's cash but that's okay
Italy's a priceless memory
Just go walk the streets of Spain
But I've found

That I left my heart in Scandinavia
Left my heart in Scandinavia
Left my love inside of her arms
Yeah, I left my heart in Scandinavia
In Scandinavia
Yeah, I left my heart
In Scandinavia
