## **The Cost**

## **The Frames**

Love has been the cause
Of all this suffering
And what has been our loss
Has been it's gaining
So lay your burdens down
And stop your cryingWe'll let it burn
Burn us down, burn usAnd low have been the odds
Of our reuniting
And where now can we turn
When we've got nothingWe'll let it burn
Burn us down, burn usWe'll let it burn
Burn us down, burn usWe'll let it burn
Us around
