

Overcome

Ikon

And when I try to keep
This hate I feel so deep
The question grows and grows
When sadness overflows And when I try to hide
Your touch I can't deny
Each time you ask me why
I raise my head up high Exposed to your decision
Withdrawn I turn to cry
I can't complete my vision
Forever afterlife But now in my conclusion
I fail in your illusion
I walk towards transition
Again I wonder why Overcome I see the way
Holding this moment
When daylight never fades Overcome with shades of grey
Desire in motion
The loss of yesterday To all you expectations
Indifferent I may be
Does every situation
Dissolve in front of me To all your fates and fortunes
Misguided you won't see
If I could only torture
This curse you've placed on me Overcome I see the way
Holding this moment
When daylight never fades Overcome with shades of grey
Desire in motion
The loss of yesterday I wish that all will pass
Nothing hangs over me
I tried to make this last
And keep my dignity Replace all that we've lost
Before you pay the cost
I'm driven towards pain
Back to the start again Overcome I see the way
Holding this moment
When daylight never fades Overcome with shades of grey
Desire in motion
The loss of yesterday Overcome I see the way (2)
Overcome with shades of grey (2) Overcome I see the way (2)
