Lonely Night

Magnum

I'm looking for someone
In this old crazy world tonight
I can't take this heartbreak
In this old crazy world tonightI'm feeling so empty
In this old crazy world tonight
I'm restless defenceless
In this unholy world tonightI never learnO lonely night
Disappear
O lonely night
Don't you come around here
O lonely night
Lonely lonely nightI'm waiting for something
To put these foolish things to right
Protected accepted
I need it now I need it rightI'm feeling so empty
In this old lonely world's tonight
I'm restless defenceless
In this unholy world tonightFor love we burn
We never learn
We never learnO lonely night
Disappear
O lonely night
Don't you come around here
O lonely nightO lonely night
Disappear
O lonely night
Don't you come around here
O lonely night
