Afterglow (Of Your Love)

Small Faces

I'm happy just to be with you And loving you the way I do It's everything I need to know

Just resting in the afterglow of yourLove, love is all around me everywhere Love has come to touch my soul with someone who really cares

No one can deny us

People who once passed me by will turn their heads 'roundI'm happy just to be with you And loving you the way I do, yeah

It's everything I need to know

Just resting in the afterglow of your loveYou, yes you have always been here feeling deep inside

A feeling that I could not see or touch, or try to hide

My love is in and around you, hey

I bless the day that I found you so listen up babyI'm happy just to be with you

And loving you the way I do, yeah

It's everything I need to know

Just resting in the afterglow of your loveLife's always beautiful babyLove is like a voice in my head

Keeps turning 'round the things that we said

Yeah, hey heyI'm happy just to be with you

And loving you the way I do

There's everything I need to know

Just resting in the afterglow of your loveYou know, now I'm [Incomprehensible]
