

Stepping Stone

Lari White

Steppin' stone Here I am at another dead end
Stopped in my tracks again
Closer then I've ever been to where I wanna be
A broken heart standin' in my way
Big as life on a real bad day
Makin' lemons into lemonade
Ain't nothin' new to me, no This ain't no stumblin' block
It's just a steppin' stone
I'm gonna climb right up on top
And take a good look at where I'm goin'
And it ain't gonna slow me down
Hold me back or turn me around
This ain't no stumblin' block, it ain't no stumblin' block
This ain't no stumblin' block, it's just a steppin' stone Now looking back I realize
How hard it is to recognize
Opportunity in disguise that's some calamity
So I ain't gonna cuss my luck
Every time a door slams shut
I know a window's gonna open up
Just as long as I believe This ain't no stumblin' block
It's just a steppin' stone
I'm gonna climb right up on top
And take a good look at where I'm goin'
And it ain't gonna slow me down
Hold me back or turn me around
This ain't no stumblin' block, it ain't no stumblin' block
This ain't no stumblin' block, it's just a steppin' stone
Steppin' stone, ohh This ain't no stumblin' block
It's just a steppin' stone
I'm gonna climb right up on top
And take a good look at where I'm goin'
And it ain't gonna slow me down
Hold me back or turn me around
This ain't no stumblin' block, it's just a steppin' stone
This ain't no stumblin' block, it's just a steppin' stone I'm gonna climb right up on top
And take a good look at where I'm goin'
And it ain't gonna slow me down
Hold me back or turn me around
This ain't no stumblin' block

This ain't no stumblin' block
This ain't no stumblin' block
It's just a steppin', a steppin' stone
A steppin' stone
