

# Nothing In Particular

## Colt Ford

Man, been workin hard all week

Monday to friday

Today, I guess I'm just goin do uh...

Man I guess I'm goin do nothing in particular

Anybody wants to come do that with me

Ya'll are welcome, c'mon

Nothing in particular, and I'm doin it all day long, a hot grill and a cooler of beer and a CD of my favorite songs, a lotta

nothing in particular and I do it well, so much of nothing on the schedule now, and I'm invitin' all of ya'll to help

Ain't doin nothing in particular just livin my life, I thank the lord for my friends, family, youngin's, and wife, another

day in the country and it sure feels good, ain't no hustle and bustle out here in the woods, just a lot of good folks, a lot

of hard work, a whole lot of love for the man above, everyday is a blessing I'm above the ground, around here folks wave when

you ride through town, ain't got no schedule for myself to do, might fire up the grill, or play some horseshoes, wherever im

at is right where ill be, so load up your trucks, and come hang with me, I'm doin...

Nothing in particular, and I'm doin it all day long, a hot grill and a cooler of beer and a CD of my favorite songs, a lotta

nothing in particular and I do it well, so much of nothing on the schedule now, and I'm invitin' all of ya'll to help

Now ya'll listen up, cuz I'm a tell you the truth, that there aint nothing better than jeans and boots, ridin' in a truck on

an old dirt road, and crankin' up Waylon on the radio, knowin' that tomorrow may or may not come, but today is all good out

here in the woods, life in the country is a blessin' ya'll, eatin' deep fried turkey with some dressin' ya'll, there aint no

reason for stressin' ya'll, just do what I do, and yall gonna have a ball, so dont take no plans on this here day, when they

ask you what your doin, this is what you say

just livin' and lovin', laughin' and thankin' god for the day, what else can I say, so load up your truck and come hang with

me, I'm doin nothing in particular, ya'll come see, I'm doin...

Nothing in particular, and I'm doin it all day long, a hot grill and a cooler of beer and a CD of my favorite songs, a lotta

nothing in particular and I do it well, so much of nothing on the schedule now, and I'm invitin' all of ya'll to

help  
Nothing in particular,  
(we do this stuff all day)and I'm doin it all day long,  
(Country girls come out and play, we always get it on this way)  
a hot grill and a cooler of beer and a CD of my favorite songs, a lotta nothing in particular  
(We can do this stuff all day)  
and I do it well,  
(country girls come out and play, we always get it on this way)  
so much of nothing on the schedule now, and I'm invitin' all of ya'll to help
