

Now And Forever

True Vibe

Hands on the clock count the minutes the hours
Your love has the power, stronger than time or space
You're the rock that I stand on, my anchor
To You I will give all the praise And there's nothing that I've got to hide
With the power of God on my side
Now and forever
I promise I will always love You All my life
One thing I know for sure
We'll be together
Every day I'll love You better More and more
Now and forever I'm Yours
Now and forever I'm Yours
Lost in a dream, under stars, under moonlight You are the one Light leading me out of the dark
You're the breath that I breathe, all that I need
Nothing will keep us apart
And I'm giving You my guarantee That in You I will always believe...I believe
Now and forever
I promise I will always love You
All my life One thing I know for sure
We'll be together
Every day I'll love You better
More and more Now and forever I'm Yours
Now and forever I'm Yours
All that I have I'll give to You
You know there's nothing that I won't do Whatever it takes
Whatever it takes
Now and forever
I promise I will always love You All my life
One thing I know for sure
We'll be together
Every day I'll love You better More and more
Now and forever I'm Yours
Now and forever I'm Yours
