The Itch

Belleruche

No I don't think you understand
What I'm looking for, what I yearn for
What I say, who I am and what I stand for
No, no, noI will not agree, just to keep your peace
Hope you won't agree just to stay with me
It can't be any other wayEven if you
Even if you shift me to the east
Raise me to the north
And drown me in the south
What's left to exploreDon't deny me
I've got your number
I know where you live
Don't refuse me
I know what you need
And just how much to give
Shall I give you what I think you need
Will you let me rack up what I feel
Is good for you, what is good for you
What is good for youNo I'm not asking for
Your undivided twenty four
I need much more than that
Such is the necessity I give more just to receive
But it's the respect I've go to feel
I can't compromise this need
Same as my desire to feelEven if you
Even if you shift me to the east
Raise me to the north
And drown me in the south
What's left to exploreDon't deny me
I've got your number
I know where you live
Don't refuse me
I know what you need
And just how much to give
Shall I give you what I think you need
Will you let me rack up what I feel
Is good for you, what is good for you
What is good for youNo I don't think you understand
I couldn't talk to you for a week

Out of disappointment and sadness you let me down
And I yearn for you still
Just miss you aroundDon't deny me
I've got your number
I know where you live
Don't refuse me
I know what you need
And just how much to give
Shall I give you what I think you need
Will you let me rack up what I feel
Is good for you, what is good for you
What is good for youDon't deny me
Don't refuse me
Shall I give you what I think you need
Will you let me rack up what I feelSatisfy the purpose you've got to find
Satisfy the purpose you've got to find
Satisfy the purpose you've got to find
Satisfy the purpose you clarified
