Suffocate

Bathory

Kill me!
I am but a fuckin' livin' dead
Help me!
I am goin' outta this damn headCrazy!
I can't stand the agony and aich
A helpless fuckin' vegetable
I feel I suffocateSuffocate
Suffocate
Suffocate
SuffocateBy and by I tighten the loop
laid around my neck
stretching that damn rope some more
like some damn fuckin' petI am like a book
that never will be read
this damn body's outside live
but inside I am deadKarma!
I don't give a fuck for what will be
I shit upon what will come
when the lights gone out for meSuffocate
Suffocate
Suffocate
SuffocateI chew my fuckin' limbs
frustration fills all cavitys
living brings me closer
to hardcore insanityJust one fuckin' step
all'll be fuckin' over and done
I've been taking this one step
since my damn life fuckin' begunSeeing this whole fuckin' life
like some damn fuckin' trap
I'll be laughin' 'till I hear
that final fuckin' snap
