She's American

The 1975

[Verse 1]
A Big town
Synthetic apparitions of not being lonely,
'Look! He's having a breakdown! Oh, what a let down, a shame, I think he might die!'She's dancing enthralling
I guess I gotta wait my turn.
I said, "Don't fall in love with the moment"
She said I got a lot to learn.[Pre-Chorus]
You know I'm in love with this city but the green is turning brown,
and I just look pathetic now[Chorus]
If she likes it cos we just don't eat and we're so intelligent,
She's American
If she says I've got to fix my teeth then she's So American,
(She's American)
If she likes it cos we just don't eat and we're socially relevant,
She's American
If she says I've got to fix my teeth then she's So American,
(She's American)[Verse 2]
She's inducing sleep to avoid pain,
I think she's got a gun divinely decreed and custom made.
She calls on the phone like the old days expecting the world,
Don't fall in love with the moment
And think you're in love with the girl[Pre-Chorus]
There's no more water in this city,
but be careful or you'll drown.
You think you've got it figured out[Chorus]
If she likes it cos we just don't eat and we're so intelligent,
She's American
If she says I've got to fix my teeth then she's So American,
(She's American)
If she likes it cos we just don't eat and we're socially relevant,
She's American
If she says I've got to fix my teeth then she's So American,
(She's American)[Bridge]
Well your face has got a hold on me,
But your brain is proper weird
Are you feeling the same?You just keep nodding at me looking vacant[Chorus]
If she likes it cos we just don't eat and we're so intelligent,
She's American
If she says I've got to fix my teeth then she's So American,

(She's American)
If she likes it cos we just don't eat and we're socially relevant,
She's American
If she says I've got to fix my teeth then she's So American,
(She's American)
