It Matters

fIREHOSE

How to say it
When it don't come
I'm not tryin' to be vague
But silent anywayConfusion
With a smile and a sigh
I'm glad for a friend
Though they really know it matters
(It matters)If it don't come
And the tears still do
If the smiles not there
They could turn awayIf no love shows
There might be none received
Always need help
But never do enough for anyoneI can't do enough
Never strong enough for myself
It should work but
Mistakes take overBad outweighs good
Hardly believin' it
Never acceptin' it
So disappointedAnd glad for a friend
Though they really know it matters
