Sunny Sailor Boy

Luka Bloom

On a day of days
I stood and gazed
Over the western sea
Startled and struck
Frightened to look
When a mermaid called to meOoh-wah Ooh-wah
Ooh-wah Ooh-wah
My sunny sailor boyLike a man in a dream
For an age it seemed
I stood as still as a stone
While the mermaid sang
And her melody rang
Like a memory calling me homeThen the sea and the wind
And the shores did spin
Though my resistance was strong
All the stars in space
Filled the mermaid's face
She captured my will with her songSomehow I spoke
The enchantment broke
I rubbed my eyes open wide
Like a dream she was gone
What remained was a song
Borne on the ebbing tideOoh-wah Ooh-wah
Ooh-wah Ooh-wah
My sunny sailor boy
