One True Love

La Sera

One true love, she said she's running away, she's running away
One true love, she said she's leaving me, she's leaving me today
But I can not take, no more none of this heartache
So I'm running away, I'm running away tooAnd I will follow, I'll be right at your heels, wherever you might go
And I won't bother trying to set things right, I'll let you be aloneThe woman I love, she said she's running away, she's running away
The woman I love, she said she's leaving me, she's leaving me today
But I can not take, no more none of this heartache
So I'm running away, I'm running away tooAnd I will follow, I'll be right at your heels, wherever you might go
And I won't bother trying to set things right, I'll let you be aloneIt's been lonely nights without you,
yeah and lonely days without you,
and the sky's gone grey without you
And I will follow, I'll be right at your heels, wherever you might go
