

Don't Waste Your Time

Koffin Kats

I don't exactly recall
The words we might have said
The mood was surely violent
The trigger pulled too fast

Now I'm out here on the highway
Running from my past
Looking towards no future
Just waiting for life to pass

Don't waste your time (my time is ending)
Trust me it'll all (be ending so quietly)

It's so hard to take refuge (ooooh oooooh)
In an ever shrinking world (ooooh oooooh)
Perhaps I said I would have (ooooh oooooh)
I'm assuming you know my thoughts

She didn't like the way (ooooh oooooh)
I couldn't have just one (ooooh oooooh)
I didn't find it funny (ooooh oooooh)
When the game was turned around (around)

Don't waste your time (my time is ending)
Trust me it'll all (be ending so quietly) X3
whoa whoa whoa whoax5
