

You Can't Count On Me

Counting Crows

Anything's hard to change
But hey I got you down on your knees again
You watch the sky, it's a pale parade of passing clouds
That cover the bed upon which we laid
In the dark and the memories that I made
Of a laughing girl but you're just my toy
And I can't stop playing with you, baby
If you think you need to go
If you wanted to be free
There's just one thing you need to know
And that's that you can't count on me
I'm coming along real good
But I still can't do most of the things I should
I watch the sky coming down to bury me
And I can't stop this crawling out of my skin
I know that you see yourself flying in
Out of the sky, coming down to carry me
But I won't come out
So if you think you need to go

If you wanted to be free
There's one thing you need to know
And that's that you can't count on me
No, you can't count on me
I watched all of the same parades
As they passed on the days that you wish you'd stayed
But all this pain gets me high
And I get off and you know why
So if you think you need to go
If you wanted to be free
There's one thing you need to know
And that's that you can't count on me
So if you think you need to go
If you wanted to be free
There's just one thing you'll need to know
And that's that you can't count on me
Aw, you can't count on me
No, you can't count on me
