

Take Me Home

[Robin Stjernberg](#)

With weight on your shoulders,
And chains on your feet,
Your hearts getting colder,
Like it's ready to freeze, You mind's taking over,
It tells you to keep holding on
I traveled the distance
With greater than hope
With words that are twisted I felt so alone
I know that in this head,
I never let go
Take me home
Take me home
Take me home To the place were I belong
I can face anyone
Even when the nights are cold
Take me home
Take me home
And I never be alone
Take me home
Take me home To the place were I belong
I know what it feels like
When nothing safe
To be forced into battle
When your torn and afraid
But I know I'll be alright
Making way to come home Take me home
Take me home
To the things were I belong
I can face any?
Even when the nights are cold Take me home
Take me home
And I never be alone
Take me home
Take me home
To the place were I belong Every minute
Every hour
It's been killing me
It's a feeling I can be where I'm supposed to be
I'm not ever gonna be free from whats been haunting me Take me home

Take me home
Take me home
Take me home
Take me home
Take me home And I never be alone
Take me home
Take me home
To the place were I belong
Take me home
Take me home To the things were I belong
I can face anyone
Even when the nights are cold Take me home
Take me home
And I never be alone
Take me home
Take me home To the place were I belong
Take me home
Take me home
Take me home
To the place were I belong
